HEALTH PROMOTION WEBINAR SERIES

Want to find out about health promotion? Keen to join discussions about opportunities and research in health promotion approaches? Or just interested to hear from health promotion experts?

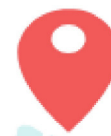

Our first webinar: a case study from ATS Bergamo (Italy)
**From modeling to practice: how to implement
Health Promotion in the Workplace**

20 Feb 2019
4pm Geneva time
(GMT +1)

Dr Roberto Moretti
Hygiene and
Prevention Department
ATS Bergamo ITALY

Online
<https://who.webex.com>
Meeting number
929 847 971

Dr. Roberto Moretti will present on the implementation of a comprehensive Workplace Health Promotion programme with a network of 130 workplaces and more than 30,000 workers.

This webinar will cover:

- the role of the public health service (ATS Bergamo) in organizing, proposing and supporting workplaces in health promotion
- the process of building partnerships
- the approach and the model used to enhance workplace activities in Health Promotion
- the tools for an effective programme and for networking
- the main results of the programme
